## Keying Tips

-  Prior to keying claims, it is recommended that frequently used providers be entered into Provider Management.
-  Because ConnectCenter requires the entry of a lot of payer and provider information that is typically the same between different claims, you will find that **copying** an existing claim becomes an essential short-cut in creating new claims.
  - You should copy only claims that have already been validated, sent to the clearinghouse and accepted by the payer.
  - If you have a patient that has the same services performed at every appointment, copy a claim accepted by the payer and modify the service dates.
-  Any data that resides on multiple tabs need only be updated on one tab.
  - For example, if the Patient Last Name is updated on the Claim Detail tab under the Patient Information section, then the Patient Last Name field on the UB tab will be automatically updated.
-  At any time while creating your claim you can click 'Validate'. Validate will alert you to errors on the claim that would otherwise prevent the claim from being processed.
  - Only claims that are error free can be send to the clearinghouse for processing.
  - It is recommended that you wait to 'Validate' your claim until you have completed all data you expect will be needed; clicking 'Validate' too early in the data entry process will result in false errors stemming from omission of fields that have not yet been entered.
-  ConnectCenter autosaves your claim as you make changes. Claims can be saved as 'work in progress' prior to sending the claim to the clearinghouse.
-  Only claims that have NOT been sent and accepted by the clearinghouse can be deleted.

## Claim Details

Although the UB04 claim form contains the most critical fields needed on a claim, some fields will be found on the Claim Details tab or the Service Lines Details tab instead.

Note, each field on the UB04 form is also duplicated on either the Claim Detail or Service Line Details. For each field that is duplicated on more than one tab, updating the field on one form will also update that field on other tabs. For example, if the Patient Last Name is updated on the Claim Detail tab under the Patient Information section, the Patient Last Name field on the 1500 tab will be automatically updated.

### Payer Address

An example of information that can be found in the claim detail screen but not on the UB-04 form is the payer address and claim filing indicator fields. If these fields are not automatically completed when you select the payer, they can be manually added on the Claim Detail screen. After saving one claim for a given plan, your entries will be stored for automatic re-use with all future claims for that plan.

Please Note: the first time you use a given plan, Claim Filing Indicator will default to CI. It should be changed to MC for Medicaid plans.

### Special Case - Other Insurance/COB

If your claim requires the destination payer be a value other than primary, then the 'Other Insurance/COB' data section on the **Claim Details Tab** must be completed.

Section	Field/Description
Other Insurance/COB, Payer, Payer Information	<p>Payer Responsibility - Use the drop down to select P for Primary, S for Secondary or T for Tertiary</p> <p>Payer ID - Use the Find Payer button to select a payer or provide a payer id with an ID Type = PI</p>
Other Insurance/COB, Insured/Subscriber	<p>Insured/Subscriber Name and Address Information</p> <p>Patient Relationship to Insured</p> <ul style="list-style-type: none"> <li>• 01 – Spouse</li> <li>• 18 – Self</li> <li>• 19 – Child</li> <li>• 21 - Unknown</li> <li>• ID Type</li> <li>• MI – Member Identification Number</li> </ul>
Other Insurance/COB, Other Adjudication Information	<p>Provide the Adjudication Payment Date and the Amount Paid by this payer</p>
Other Insurance/COB, Supplemental Provider Information	<p>Additional IDs for Providers</p> <p>ID Types</p> <ul style="list-style-type: none"> <li>• 0B – State License Number</li> <li>• 1G – Provider UPIN</li> <li>• G2 – Provider Commercial Number</li> <li>• LU – Location Number</li> </ul>

NOTE: This is the basic information needed for a claim that requires Coordination of Benefits information. Once the basic information has been provided the 'Validate' functionality will provide guidance on completing additionally required fields.

If your claim has only one additional payer make sure to complete the first occurrence of the 'Other Insurance/COB' section.

### Service Line Details

For each service line, all the detailed information described below can be entered. The top of the Service Line Details tab will display summary information about each service line, matching the details entered on the UB-04 Form.

When completing service line details on the lower portion of the Service Line Detail tab, be sure to select which service line your details supplement by clicking the appropriate line at the top of the form. A blue outline should appear highlighting the field you've clicked. In addition, the entire selected row will be highlighted in gray. In the illustration above, see row 8 and procedure code 82435 as an example.
